Exam tables are specifically designed to aid in the examination process in a medical office. They consist of long couches that are elevated above the floor, and these couches may be filled with a number of drawers and gizmos to make examinations easier. In addition, most exam tables can be raised and lowered, and they have cushions on their tops to enhance patient comfort.

### Smooth, Quality Exam Table Paper, Paper Rolls - Direct ...

Examination tables often have rolls of paper which the patient sits or lies on, to protect the table. The paper is normally discarded after each patient uses the table. Examination tables have included electric motors since the 1970s. These are fitted underneath the tabletop and power cables generally detach to prevent a tripping hazard.

• Change the paper covering the exam table and pillows between patients; may use absorbable pads to cover work surfaces. • If absorbable pads are used, they should be changed after each patient and during the procedure if they become soaked or saturated. Surfaces under these coverings should be cleaned at the end of the day and
