The SLED Test is a simple argument against abortion. The pro-life view is that the unborn are human beings just like you and me. That's why it's wrong to kill them. Although many abortion-choice advocates agree the unborn are human, they deny they are valuable human beings. They think this distinction justifies killing the unborn.

The S.L.E.D. Test

Homan's sign test also called dorsiflexion sign test is a physical examination procedure that is used to test for Deep Vein Thrombosis (DVT). A positive Homan's sign in the presence of other clinical signs may be a quick indicator of DVT. Clinical evaluation alone cannot be relied on for patient management, but when carefully performed, it remains useful in determining the need for ...
