A research paper is more than collecting various pieces of information. The goal of this paper is to argue a point or analyze a perspective in your own words, which is then factually backed by outside information. If you are writing a sample research paper, you must properly introduce this paper so readers understand its contents and its purpose.

How to Introduce a Research Paper Sample | The Classroom

An I-Search paper is a personal research paper about a topic that is important to the writer. An I-Search paper is usually less formal than a traditional research paper; it tells the story of the writer's personal search for information, as well as what the writer learned about the topic.

As part of an I-Search writing process, this handout facilitates the formation of meaningful questions and subquestions for student inquiry. By positioning the questions at the center of the page, and questions relating to students' interests in the topic and the research process itself, students begin to see the ways in which the I-Search paper brings all three of these components together.
