Shame definition is - a painful emotion caused by consciousness of guilt, shortcoming, or impropriety. How to use shame in a sentence.

Shame | Definition of Shame by Merriam-Webster

The episode received ratings of an A- in The A.V. Club, four out of five stars in Cultbox and three stars in The Telegraph and GamesRadar+. The episode was praised by Yoshida as "emotionally immediate and prescient", and by Lewis as "brave, bitter and bleak production that's as uncomfortably familiar as it is woefully watchable".

The Entire History of You - Wikipedia

In null hypothesis significance testing, the p-value is the probability of obtaining test results at least as extreme as the results actually observed, under the assumption that the null hypothesis is correct. A very small p-value means that such an extreme observed outcome would be very unlikely under the null hypothesis. Reporting p-values of statistical tests is common practice in academic ...
