Not that I mind smutty, but it's not what I was looking for given the collection is marketed as Steampunk Erotica. I expected more steampunk elements. \*Human Powered by Teresa Noelle Roberts: I enjoyed this story for the true steampunk elements to it along with the utilizing a person's sexual energy to power it.

This subgenre of science fiction often includes steam or clockwork powered technology—dirigibles, robots, animals, and anything else the authors imagine. Their design is inspired by the 19th Century steam age. They are generally alternate history, with many set in Victorian England or the American West. Society has often deteriorated due to war or other large ... Continue reading Steampunk ...
