The Peace Of Illusions American

The Peace of Illusions may be the most important book on America's security strategy published in the last decade. Layne accomplishes three difficult feats, when achieving even one would have been impressive. He provides a controversial yet well-documented interpretation of U.S. grand strategy since the end of the 1930s.

The Peace of Illusions: American Grand Strategy from 1940 ...

The Peace of Illusions is a foundational text for the offshore balancing crowd. Written from a largely realist position, Layne offers a strong critique of the contradictory and hegemonic impulses of the United States towards Europe, Asia and the Middle East.

The Peace of Illusions is an excellent analysis of U.S. grand strategy since World War II that demonstrates the continuity of President George W. Bush's foreign policy with the past. It provides a critique of the U.S. quest for hegemony over the past sixty years and proposes a policy of offshore balancing to protect American interests.

The end of the cold war profoundly and permanently altered the international landscape, yet we have seen no parallel change in the aims and shape of U.S. foreign policy. The Peace of Illusions intervenes in the ongoing debate about American grand strategy and the costs and benefits of "American empire."

The Peace of Illusions (□□)

Since the end of the Cold War, most U.S. policymakers have been beguiled by a set of illusions about the world order. On critical issues, they have seen the world as they wish it were and not how it really is. President Donald Trump, who is not a product of the American foreign policy community, does not labor under these illusions.

The End of American Illusion
