In an experiment-based project, this question naturally leads onto a hypothesis.. For a more review-based paper, such as an essay, it will lead to a thesis statement.. When trying to define the research paper purpose, you should brainstorm a few ideas, which will help you to develop a research question that is relevant, interesting and novel. Some ideas are:

Research Paper Question - The Purpose of the Paper

A question stating 'What is the capital of France?' requires the student to just exercise their memory to answer it. And if that is the purpose you have set, the question is totally justified. But if the purpose is to evaluate and enhance the student's ability to reason, the same question might need to be stated as 'How Paris is well located to be the capital of France?'
